The Student Chamber is a civic volunteer committee of Guymon High School Sophomores, Juniors and Seniors functioning along with the Guymon Chamber of Commerce. They are a socially conscious group who desire to have a direct impact on their community while earning rewards for their effort. Annually, the Student Chamber committee will market and manage the "Recycle Guymon" project.

Students of this committee serve their community and help its membership with a "Life Betterment" opportunity for one or more graduating Guymon Seniors. Life-betterment, in these terms, is a non-scholarship award. In the spring of 2018, the committee awarded \$1,750 to two GHS Seniors. In addition, OPSU is presenting all graduating Student Chamber members a \$1,000 tuition waiver that is renewable for four years.
